

GARIC 

FUEL SAFE

static and mobile bunded fuel storage

Fuelsafe - static and mobile **bunded tanks**

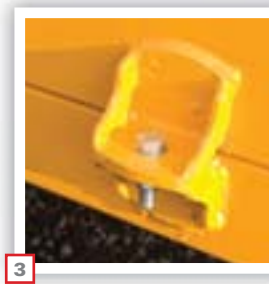

Our **fuel storage solutions** are manufactured to the highest standards robust enough to withstand the demands of the construction industry. We have designed them for use as both **low and high volume** tanks.

Garic's fuel tanks and bowsers are designed and manufactured to meet **robust heavy duty standards**, they can also be designed to suit your specific needs.

With static and mobile options, coming in a wide range of sizes, plus a range of pumps and accessories we are confident that we can provide the **ideal solution** to your fuel storage needs.

- 1 Fuel monitoring equipment, hose reels and multi-pump systems are available for larger installations.
- 2 Garic can supply a range of electric or diesel powered fuel pumps.
- 3 Changing tanks from static base to mobile base is as easy as undoing a couple of bolts.
- 4 45 gallon 'chest type' tanks, that fit in the back of a pick-up, are ideal for small contracts.

STATIC TANKS

Large volume static tanks are available in a wide range of sizes from 1,000 gallons up to 10,000 gallons, so we are sure to have the ideal tank to suit your requirements.

BUILT IN PUMP HOUSING

Fuel Safe tanks come with built in pumps, housed in a lockable store. Hand pumps are included on smaller tanks up to 500 gallons with diesel powered pumps on larger tanks.

SITE SPECTYRES

Mobile bowsers all come complete with 'Land Rover' style site spec tyres able to withstand the roughest terrain.

TOW BAR OPTIONS

Mobile bowsers come with either a road legal or site spec tow bar option.

STATIC BASE

As an alternative to the towable bowser, tanks can be supplied on a static base which can be easily manoeuvred by forklift.

Fuel Safe Static Tanks

Length	Dimensions (mm)		Dry Weight (kg)	Capacity
	Width	Height		
1500	1500	1500	150	45 gall (202ltr)
1500	1500	3000	250	150 gall (675ltr)
2400	1200	1500	250	300 gall (1350ltr)
2600	1200	1500	350	300 gall (1350ltr)
1800	1200	2400	750	300 gall (1350ltr)
2100	1200	1500	500	500 gall (2250ltr)
2400	1200	1500	500	500 gall (2250ltr)
2100	1200	2400	850	500 gall (2250ltr)
3600	2100	2100	1500	1000 gall (4500ltr)
