MIN 1 WEEK HIRE

The solar loo is a flushing standalone toilet that is powered entirely by patented solar technology.

Equipped with flushing W.C and urinal, hot air hand dryer, hot and cold running water and lighting, the generator free unit requires very little maintenance, reduces Co2 emissions and cuts fuel bills drastically.

KEY FEATURES:

- Secure steel construction
- Solar powered, generator free unit
- Hot water, regulation forearm sink and hand dryer
- Fully flushing W.C and urinal
- Fuel efficient and low in Co2 emissions

OPTIONAL EXTRAS AVAILABLE

- Fuel, waste & water Servicing
- Garic i-SITE Technology
