

ON-DEMAND, ON-SITE, ON-TIME.

STANDALONE WASH STATION

A HISTORY OF INNOVATION

A reliable and cost effective portable wash station to provide additional hand-washing facilities. Durable construction makes this unit an ideal solution for environments across a huge range of sectors. Recommended for indoor use.

KEY FEATURES:

- Self-contained unit, holding enough water for 90 x 20 second-hand washes with a foot operated tap
- Unit includes soap dispenser, paper towel, grey water collection drum and waste bin
- Fully assembled, the unit can be used anywhere freestanding
- Slimline and lightweight
- Recommended to be used in high footfall environments.
