

**Unique in the market place, this is the only fully stand-alone, self powered unit to provide separate male and female W/C facilities along with the convenience of a heated drying room.**

An economical multi-roll DC/Diesel heater system provides thermostatically and timer controlled heating to the W/C and drying rooms. The drying room is equipped with changing benches and clothes hangers for up to 20 users.

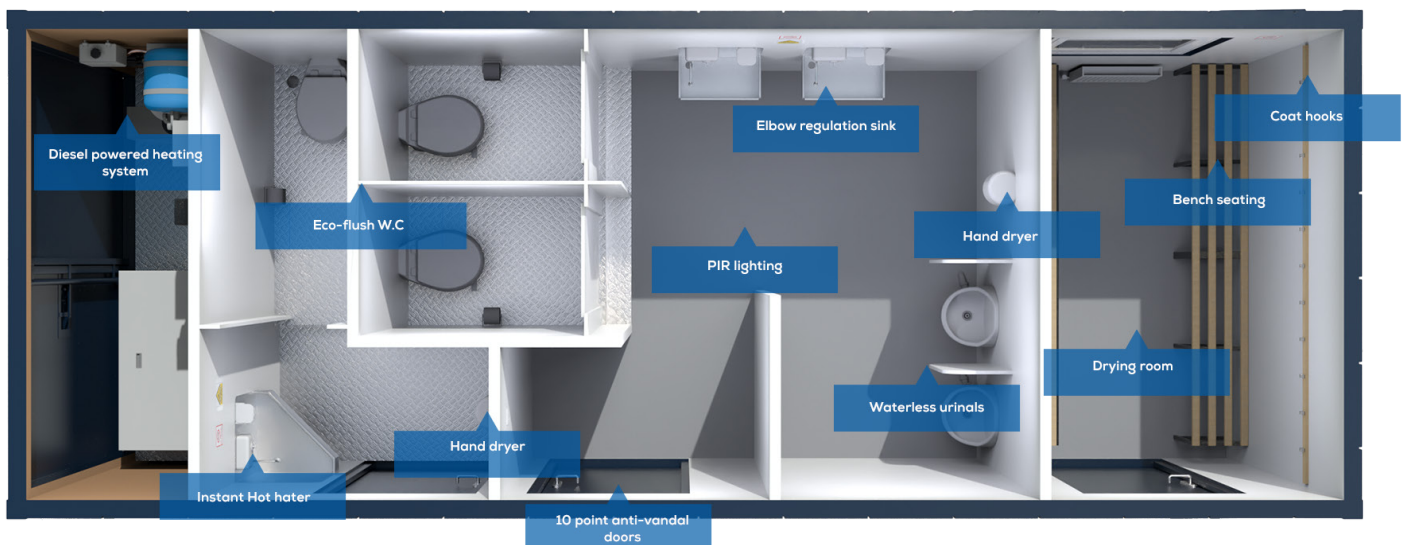

### Key Features:

- Integrated waste and water tanks
- High level windows, anti vandal doors, robust steel construction
- PIR lighting and instant hot water
- Heated drying / changing room

### Environmental Benefits:

- Solar powered with DC battery backup
- Economic fresh flush toilets

Minimum hire **1 week**

## Standard Specifications:

**Product code**  
42400

**Dimensions LxWxH**  
24 x 9ft / 7.3 x 2.7m

**Dry weight**  
6900Kg

**Power type**  
Solar

**Structural material**  
Steel

**Layout**  
1 Female / 2 Male

**Water tank capacity**  
796L / 175gal

**Waste tank capacity**  
864L / 190gal

**Diesel ambient heating system**  
Included

**Generator fuel capacity**  
68L / 15gal

**Urinal**  
2

**Cubicle**  
3

**Multi point anti-vandal door and external rain shrouds**  
Included

**Secure steel flat construction**  
Included

**Insulated walls and ceilings**  
Included

**Low level lifting points and fork pockets**  
Included

**Elbow regulation sink**  
Included

**Waterless Urinal**  
Included

**Eco flush, fresh water flushing WC**  
Included

**Auto frost protection**  
Included

## Optional extra available

- Fuel, waste & water Servicing
- Lockers

Previously named **2+1 Solar Dryer**
