

**Armadillo 18 Eco is one of our most versatile units that maximises space and facilities for your site.**

The larger unit is suitable for up to 8 people and is available in three configurations. Two private toilets for male and female operatives can help you stay compliant.

Solar panels provide the primary power for this unit, and a backup HVO-ready automatic generator is on hand to ensure you're never without power, no matter the season or the weather.

**Key Features:**

- Road towable and can convert to a static unit in minutes.
- Capacity for up to 7-10 people based on configuration
- Stage 5 eco/hybrid generator
- Powered by solar panels
- Recycled non-slip flooring
- One or Two private WC configuration available.
- Multiple configurations available with office and canteen, or larger canteen.

**Environmental Benefits:**

- CO<sup>2</sup> emissions reduced up to 80%\*
- HVO enables unit
- Fuel costs reduced up to 60%\*
- Low noise pollution - reduced by 58%\*
- 0% NO<sub>x</sub> / SO<sub>x</sub> when solar battery is in use.
- Consumes an average 35 litres of fuel per week less than a standard cabin.
- More sustainable as less generator wear and tear lowers breakdown risk and extends lifespan
- Very little need to run generator for lights, USB charging and 3-pin sockets for computers, printers, etc.

\* Compared to a standard cabin

**Capacity**

6-8 people

Minimum hire **1 week**

**Product Code** 021005

Previously named Armadillo XL+ 2

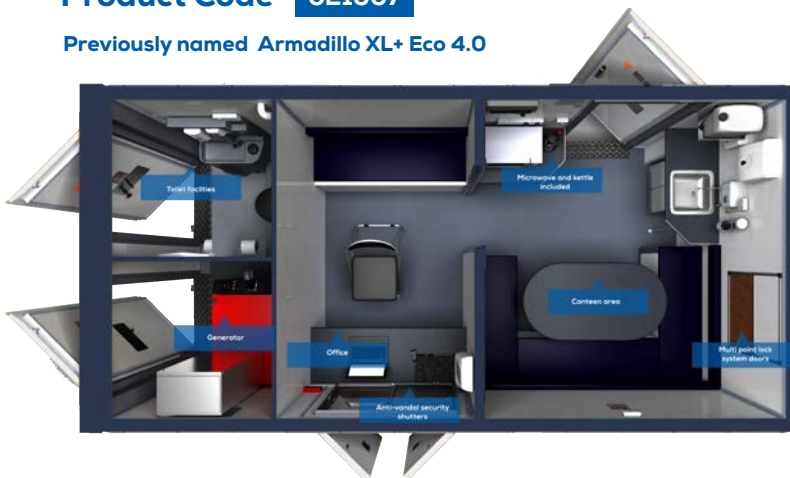

<b>Water tank capacity</b>	25L / 5.5 gal + 9L / 2gal - canteen
<b>Fuel tank capacity</b>	68L / 15gal.
