# Enviro Wheel Wash 24

**Our Enviro Wheel Wash 24 is the ideal solution for demolition, quarrying and ground works sites where trucks, dumpers and lorries are regularly passing through heavy duty mud, dirt and debris.**

Our fully automated and totally self-sufficient enviro wheel wash is perfect for sites where sticky clay and mud can be a big problem. As vehicles pass through the wheel wash, exceptionally powerful jets spray water onto the wheels, chassis and undersides, cleaning the vehicles without them even needing to stop. The wheel wash is environmentally friendly and utilises the latest water filtration technology combined with a 100 percent water recirculation system. It doesn't require an operative and is easy to maintain due to an innovative easy-clean water catchment area. Furthermore, it requires no electricity power source because it runs off a simple yet reliable 6" diesel pump.

## Key Features:

- Powered heavy duty wheel wash
- Steel fabricated wash area
- Heavy duty lifting and lashing points
- Cleaning area with vertical spray jets
- Automatic sensors

Minimum hire **1 week**

## Standard Specifications:

### Product code

300002  
300001 - elevated

### Weight (without ramps)

8500Kg  
9300Kg - elevated

### Power type

6" Diesel water pump

### 25mm water inlet (c/w ball cock fitted)

Included

### Dimensions (without ramps) LxWxH

22 x 24ft / 6.7 x 7.3m

### Weight (with ramps)

11300Kg

### Steel fabricated wash area

Included

### Heavy duty lifting/lashing points

Included

### Dimensions (with ramps) LxWxH

66 x 24ft / 20 x 7.3m

### Capacity of lagoon

4000G / 15141L

### Internal removable rumble road sections

Included

### Automated magic eye system

Included

## Optional extra available

- Electric pumps
- Water Fills
- Header Tank / Bowser

Elevated option on some models

Previously named Enviro Wheel Wash & Elevated Enviro Wheel Wash
