

**The Welfare Van Eco incorporates the latest in hybrid technology improving welfare, the environment and safety on site.**

This mobile unit can run the welfare facilities solely from its solar panels meaning that no engine has to be running whilst stationary and the facilities can be used throughout the day. Not only does this create a safer environment for workers and has less impact on the environment this could save you £££s on your bills. Innovation at its best!

## Key Features:

- Chapter 8 regulation livery, front and rear LED beacons
- DSVa specification seat belts with reflective strips
- Smart & efficient power storage / lithium battery
- Auxiliary button to jump start engine
- Automatic back up power available
- Rear parking sensors and reversing camera
- Silent Welfare mode
- 'Keyout' engine management system. Van remains operational without safety or security risk.

## Environmental Benefits:

- Solar panel defrost feature utilising surplus heat, ensures efficient operation in wintery conditions.
- Solar panels will work in all day light conditions, will not shutdown in shade
- Solar panels harvest up to 600w, 40amp/hrs in ideal conditions.
- 200Kg of carbon savings per week (standard use)\* (35-70L diesel p/w)
- Annualised circa 10 ton of CO2 savings
- Lowest carbon footprint van on the market (47.9 mpg)

\*All subject to ongoing field testing

**Capacity**  
7 people

Minimum hire **1 week**

## Standard Specifications:

<b>Product code</b> 010001	45L / 10gal	Included	Included
<b>Dimensions LxWxH</b> 6.1 x 2.4m / 20 x 8ft	<b>Waste tank capacity</b> 20L / 4.3gal	<b>Fully insulated throughout</b> Included	<b>Front and rear LED beacons</b> Included
<b>Dry weight</b> 2850kg	<b>Fuel Capacity</b> 80L / 17.5gal	<b>Canteen area (sink, hot water boiler, microwave, waste bin, seating for 4)</b> Included	<b>Overhead storage area</b> Included
<b>Power type</b> Hybrid solar	<b>USB charging points</b> 5V and 4.2 Amp	<b>Private W.C area &amp; Cartridge toilet</b>	
<b>Layout</b> Canteen/seating area / Toilet /drying room	<b>Internal control panel for all heating, lighting and welfare facilities</b> Included		
<b>Water tank capacity</b>	<b>PIR lighting (low energy)</b>		

## Optional extra available
